

H O M E W O R K    N O . 10

- 7.4        FIR filter and zero phase.
- 7.8        (i) only. Linear phase, minimum phase, maximum phase
- 7.11      Constant group delay filter.
- 7.15      Designing a filter to filter the sum of two frequencies.
- 7.40      IIR filter frequency response.
- 7.68      Designing a filter to equalize a channel.
