Text:  
Johnson, Riess, and Arnold  
Introduction to Linear Algebra (5th Edition)

Probable Coverage (by sections of the text):  
1.1-1.3, 1.5-1.7, 1.9, 3.1 -3.5, 3.7, 4.1, 4.4, 4.5, 5.1-5.5

Examinations and Grading:  
Two full-period examinations will be given during the semester. They each will count for 25% of the grade. The final examination will count for 25% of the grade. About 10 quizzes will be given, and after dropping the lowest two they will count for 25% of the grade.

Times of Examinations and Quizzes:  
The first full-period exam will be given on Tuesday, February 11.  
The second full period exam will be given on Tuesday, March 25.  
The final examination will be given on Friday, May 9, at 8:00 a.m. in our classroom.  
Quizzes usually will be given on Tuesday.

Makeups and Exams at Unscheduled Times:  
Makeups or early examinations will be given only for very serious and documented reasons.  
No makeups will be given for missed quizzes. The lowest two quiz grades will be dropped.

Homework:  
Homework will be assigned, but not collected (see listing of problems on the web). In most class periods we will discuss a few current homework problems.

Special Needs:  
If you have special needs, you need to alert me in writing within the first two weeks of classes.  
It may not be possible to accommodate some kinds of needs unless we have early notification.

Academic Honesty:  
UVM’s policy on academic honesty is detailed in the Cat’s Tale.
